

FAASTeam presents:

NW Mountain Virtual Aviation Safety Week - March 25 2021 - Day 3 - Session 2

What is the leading cause of Aviation Accidents? Between 60%-80% of Aviation Accidents are attributable, at least in part, to human error. How do we apply this to our own flying? In this presentation, we will take an overview look into the Human Factors Analysis and Classification System created by Doctors Shappell and Weigmann.

Directions: This Virtual Aviation Safety Event will be hosted using the Goto Webinar platform.
Goto Webinar registration link:
<https://register.gotowebinar.com/register/3261233265101495563>

Once registered, you will receive an email confirmation from the Goto Webinar system platform with joining the webinar information for each topic you have registered. Thank you for your participation.

To register for Wings Credit please click on the registration information link below.
